Contents

Comparison of enzyme-linked immunosorbent assay, virus neutralization and complement fixation tests for measurement of antibodies against equine herpes virus-1 infection in equine sera	B K Singh, M P Yadav and P K Uppal	1
Enhancement of antibody production by electro-acupuncture in goats immunized with *Salmonella typhimurium*	Awadh Bihari, Amresh Kumar and S K Garg	6
Milk bacteriology: Pre- and post-trisodium citrate mastitis treatment in buffaloes	K S Dhillon, T J Singh, S S Sodhi, H S Sandhu, P N Dwivedi, J Singh and B S Gill	9
Comparative incidence of mastitis in relation to certain factors in cattle and buffaloes	Prem Chand, G D Behra and A K Chakravarty	12
Concentration of blood serum thyroid hormones during late pregnancy, parturition and early lactation of crossbred cows	S H Dalvi, B T Deshmukh, Asha Mantri and B A Talvelkar	15
Effect of various extenders and additives on deep-freezing, enzyme leakage and fertility of bovine semen under tropical climate	A J Dhami, K L Sahni and G Mohan	20
Cultivation of goat-pox virus in developing chicken embryo	Ved Prakash, Rajesh Chandra, V D P Rao and S K Garg	28
In-vitro synergistic effects of colistin, neomycin and doxycycline combinations by disc-diffusion test	K R Ramanatha and Abdulla Shariff	31
Comparison of immunofluorescence with peroxidase-antiperoxidase technique in the diagnosis of rabies	R Jayakumar, K Nachimuthu and V D Padmanaban	33
Foot-and-mouth disease in Punjab : A retrospective study	J K Sharma, S S Saini and M S Kwatra	35
Seasonal variation of anoplocephaline cestodes infection in sheep of Punjab	Arvinder Kaur, H S Bali and C L Duggal	38
Differentiation of mammalian schistosome cercariae on the basis of their furcal tip	Surinder Kohli and M C Agrawal	41
Clinico-haematologic findings in caprine sarcocystosis	S Dey, S L Gupta and R P Singh	44
Isolation of chlamydia from poultry - A laboratory study	Gursimran Filia, Amarjit Singh and P N Dhingra	47
Effect of prolonged administration of nalidixic acid on biochemical and haematological parameters in goats	M B Patel, B K Roy, M K Gupta and N C Banerjee	49

Effect of prolonged administration of nalidixic acid on biochemical and haematological parameters in goats	M B Patel, B K Roy, M K Gupta and N C Banerjee	49

Propanidid-ether anaesthesia for nephrotomy in New Zealand White rabbits	P K Peshin, D Krishnamurthy, A A Gaffar, D B Patil, Davood Sharifi, S K Sharma and D M Makhdoomi	52
Suitability of polyvinyl chloride canula in abomasum	P N Langar, K Mirakhur and A A Makhdoom	54
Plasma transaminase, phosphatases and dehydrogenase activities in buffaloes affected with uterine torsion	J B Phogat, N S Bugalia, S K Verma and Narender Singh	56
Deep-freezing of cattle and buffalo semen with or without equilibration and its fertility trials- A comparative study	A J Dhami and K L Sahni	59
Effect of osmolarity of extender on freezing of buffalo semen	Bhupal Singh , K L Sahni and Greesh Mohan	65
Dried ryegrass (*Lolium perene*) grown in combination with berseem/lucerne as a replacement for conventional concentrate mixture in the ration of buffalo bull calves	T R Chauhan	67
Effect of feeding volatile fatty acids on the development of gastro-intestinal tract and rumen papillae on buffalo calves	V K Vidyarthi and C K Kurar	74
Feeding energy supplements to adult male camels during winter	R C Jakhmola and A K Roy	80
In-sacco rumen degradability of deep stacked poultry litter	M P S Bakshi, V M Wadhawan, M Wadhwa and P N Langar	84
Effect of different housing patterns on feed and water intake in Mehsana buffalo heifers under semi-arid conditions	J B Patel, J P Patel and M B Pande	88
Communication patterns among farm women in livestock enterprise	Nita Khandekar and Prakash Khandekar	91
Culling patterns in different crossbred cattle	U C Jaiswal and A S Khanna	96
The karyotype of Malpura sheep	Neelam Gupta and S C Gupta	101
Production efficiency traits in Jersey cows	V N Katkade, P G Sakhare and K S Deshpande	104
Genetic, phenotypic and environmental trend for reproduction traits in Kankrej cattle	C S Chaudhary, V N Tripathi and A K Gupta	106
Non-genetic factors affecting milk yields in Murrah buffaloes	D Kumar, O P Sharma and V P Manglik	108
Mortality in crossbred calves and young stock at Leh (Ladakh)	K L Jadhav, Brahma Singh and M M Kall	110
Evaluation of *Sesbania sesban* as a protein supplement to low-grade roughage (barley *bhusa*) for growing calves	A Rekib and N P Shukla	113
Role of rumen bacteria, protozoa and fungi on the digestion of dry matter and cell-wall components of certain feedstuffs	U Mukhopadhyay and C K Kurar	117
Serum immunoglobulins in experimental aflatoxicosis, infectious bursal disease (IBD) and their interactions in chicken	R Somvanshi, G C Mohanty and B Sharma	125

Correlation of humoral immunity to *Pasteurella multocida* in ducks and passive mouse protection	K R Ramanatha	130
Clinical pathology in intratracheal *Mycoplasma mycoides* subsp. *capri* infection in goats	Harendra Kumar, N S Parihar, K Charan and K P Singh	133
Histoenzymic study on parotid salivary gland of castrated donkey	Jaswant Singh, Harcharan Singh Pawar and K S Roy	137
Different types of bone grafts and ceramic implants in goats- A triple fluorochrome labelling study	S K Maiti and G R Singh	140
Physiological and cliniacal effects of electroacupuncture anaesthesia of abdomino-pelvic regions in goats	Awadh Bihari and Amresh Kumar	144
Clinico-physiological effects of electro-acupuncture anaesthesia of limbs in dogs	Pankaj Agarwal and Amresh Kumar	149
Effect of yolk and sugar levels in dilutors on motility of buffalo spermatozoa during refrigeration preservation	Satish Kumar, K L Sahni and Greesh Mohan	153
Foetal and female genital growth in the Surti buffalo	G Baishya and K N Vyas	159
Fluorosis in dairy cows: Clinicopathological findings	J L Singh, D Swarup, R K S Dogra and G R Singh	162
An outbreak of rabies in cattle and buffaloes in Uttar Pradesh	R Singh, D C Shukla, P N Khanna, K P Singh and M L Mehrotra	166
Passive haemagglutination test in the diagnosis of infectious bursal disease	G Dhinakar Raj, A Thangavelu, K Nachimuthu and A T Venugopalan	169
Swine *Escherichia coli* serotypes in Sikkim	K C Mishra	171
Effect of temperature and humidity on the development and survival periods of non-parasitic stages of *Boophilus microplus*	D N Panda, M Z Ansari and the Late B N Sahai	174
Therapeutic evaluation of levamisole HCl against stephanofilarial dermatitis in cattle in Andamans	R B Rai and S P S Ahlawat	177
Pharmacokinetics and dosage regimen of paracetamol in crossbred calves following single intramuscular administration	S K Sharma, Paritam K Sidhu and A K Srivastava	180
Clinico-pathological studies in paracetamol induced hepatopathy in sheep	Anup Baumik, M C Sharma and S B Lal	183
Histoenzymic distribution of oxidoreductases in the epididymis of buffalo calves during postnatal development	Bharpur Singh and K S Roy	186
Effect of buffers and cryoprotectants on normal acrosomal maintenance of buffalo spermatozoa during freezing	S Kumar, K L Sahni and Greesh Mohan	189

Prediction of conception rate and EPD based on spermatozoan characteristics of Karan Swiss bulls	Raman Kant and A K Chakravarty	192
Oestrus induction in superovulated crossbred cattle using low dose of luprostiol	S Khanna, M R Ansari, A C Majumdar, V K Tanеja and T K Mohanty	193
Positional migration of foetal ovary and tubular genitalia in Surti buffalo	G Baishya and K N Vyas	195
Spontaneously occurring pulmonary lesions in calves	R V S Pawaiya, K Charan, N S Parihar, A Sikdar and S K Chattopadhyay	198
Methods of collection of lacrimal and tracheal secretions in turkeys and detection of immunoglobulins using ELISA	P Suresh	201
Field recording and sire evaluation under Indian conditions	S B Gokhale and B R Mangurkar	203
Ruminal degradation of fibrous components of various feeds in cattle and buffalo	S K Bhatia, D C Sangwan, K Pradhan, Sadhana Singh and Vidya Sagar	208
Feed selection and nutrient utilization by Jamunapari and Barbari goats on synthesized silvipasture	K Sharma, A L Saini, Nawab Singh and J L Ogra	213
Goat-crop-fodder integrated farming system at village level	W A Cerbito, E C Villar, K Sato, F Quero (Jr), C R Balagapo (Jr) and P S Faylon	218
Energy and protein requirements of commercial broilers in winter	S S Nagra and J S Chawla	222
In vivo evaluation of palm kernel-cake (PKC) as protein/energy source in sheep	P Vasanthalakshmi and N Krishna	229
Factors affecting pashmina production in Changthangi goats	T A S Ganai, N A Sheikh and K L Raheja	232
Comparative studies on cell-mediated immune (CMI) response of chicken to Marek's disease (MD) vaccination (HVT FC-126) alone and in conjuction with other viral vaccinations	M Sobharani and A S Rao	235
Characterization of soluble antigens of goat-pox virus	S Isloor and B S Negi	240
Epizootiology of bluetongue in sheep	K Saravanabava and R A Venkatesan	246
Studies on a field isolate of infectious bursal disease virus	A Padmaraj, M Ganesamoorthy, D Suresh Christopher, M Murugan, S P Anbumani and J Doraiswami	250
Antibiogram typing of *Staphylococcus aureus* of bovine mastitis origin	W Manohar Paul and R A Venkatesan	256
Cyclophyllid cestodiosis in camel (*Camelus dromedarius*) in India	G S C Ranga Rao and R L Sharma	261

Activation of alternate complement pathway in serum of buffalo by different bacteria	S Singh, M C Goel and D P Monga	266
Biokinetics of ciprofloxacin in non-febrile goats	U K De, K P Sinha and N C Banerjee	269
Amprolium-induced polioencephalomalacia in buffalo calves: Clinical feature	R K Tanwar and K S Malik	273
Sex chromosome abnormalities associated with reproductive disorders in buffaloes	B Prakash, D S Balain and S S Lathwal	277
Fallopian tube abnormalities in buffaloes	A K Khanna, N C Sharma and Kali Charan	282
Chronology of first meiotic events of caprine oocytes matured *in vitro*	K P Agrawal, Taru Sharma, Charu Sexena and Neeru Sharma	285
Serum progesterone profile and its relationship with superovulatory response in crossbred cows treated with PMSG	F S Chauhan, N P Sarvaiya and V M Mehta	289
Non-surgical collection of embryos from goats	A K Goel, S Tyagi and K P Agrawal	293
Haematological and serum constituents of camel calves during first 7 months of age	Ahsan Saeed, M Afzal and Irfan Ahmed Khan	297
ß-lactamase production in ampicillin-resistant strains of enterobacteriaceae isolated from cattle	A H K Nazer, H Dadras and M Shadkhast	302
Histomorphological observations on cyclic corpus luteum of Indian buffalo (*Bubalus bubalis*)	Opinder Singh and K S Roy	305
Occurrence of cholelithiasis and cholecystitis in neonatal calves	K Charan and R V S Pawaiya	308
Clinicopathological observations in mice infected with *Yersinia*	Satyendra Singh, S N Sharma, N P Singh and D C Thapliyal	309
Accuracy of sire evaluation methods using conventional and proposed effective and likely progeny sizes as parameters	V K Singh and H K B Parekh	311
Factors affecting the performance of buffaloes in and around Hyderabad	R M V Prasad, G N Rao, V Jayaramakrishna, M Pasha Ali and A Satyanarayana	316
Influence of some environmental factors on growth of Awassi sheep	D A Aziz, M M Muwalla and I M Tahhat	320
Inheritance of oviduct weight and interrelationships with other production characters in layer chicken	G S Brah, M L Chaudhary and J S Sandhu	326
Participatory roles of farm women in animal husbandry enterprise	Hema Tripathi and H P S Arya	331
Genetic studies on first lactation length, first dry period and first calving interval in Murrah buffaloes	Triveni Dutt and V K Taneja	339

Construction of multi-trait selection indices in sheep	Gurmej Singh and B P Kushwaha	341
Factors affecting growth of Jamunapari goats reared under intensive condition	A K Sharma and N Das	344
Body growth in Barbari goats under intensive management system	N Das, A K Sharma and H B Joshi	348
Incidence and economics of mammary and reproductive disorders per lactation stage in Holstein × Sahiwal crossbreds	K L Jadhav, V N Tripathi and M M Kale	352
Impact of communication behaviour of dairy farmers of ICDP over non-ICDP area	Om Prakash and M N Sinha	357
Serum immune complexes in cattle with parasitic infections	A S M Bari and M J R Talukder	365
Strain differentiation of foot-and-mouth disease virus type 'Asia 1'	N Mishra, D V Rai and B Pattnaik	368
Comparison of foot-and-mouth disease virus 'Asia 1' field isolates and vaccine virus by plaque assay and plaque reduction neutralization test	N Mishra, D V Rai and B Pattnaik	375
Characterization of Indian type 'O' foot-and-mouth-disease virus isolates using polyclonal and monoclonal antibodies	C Tosh, B Pattnaik and R Venkataramanan	380
Determination of antibody levels in egg-yolks from laying hens vaccinated against Newcastle disease	Gurkirpal Singh	388
Isolation of *Salmonella* from meat, blood, faeces, bile and lymphnodes of different species of animals	A M Paturkar, A T Sherikar and H V Murugkar	393
Experimental and natural infestations of *Sarcoptes scabiei* in goats and sheep	M A Ahmed, A Basu and M Z Ansari	396
Histogenesis of the omasum of the buffalo	B G Panchamukhi, M C Desai and K B Patel	399
Venous drainage of fore-foot of camel (*Camelus dromedarius*)	R K Jain and L D Dhingra	404
Histogenesis and mode of growth of scrotum in foetal goat	M R Malik, J S Taluja and M L Parmar	409
A rapid latex agglutination test for the detection of rabies antigen	R Jayakumar, N D J Chandran, K Nachimuthu and V D Padmanaban	414
Characterization of field isolates of Newcastle disease virus	A Thangavelu, G Dhinakar Raj, K Nachimuthu, N Durairajan and A T Venugopalan	417
Evaluation of four assay methods for the detection of heat-labile enterotoxin of *Escherichia coli* isolated from diarrhoeic piglets	Manju Goswami, S K Das, H Rahman and B R Boro	419
Parasites of rhinoceros (*Rhinoceros unicornis*)	A Chakraborty and A R Gogoi	421
Clinical and pathological changes in experimental ruminal acidosis in sheep	R C Patra, S B Lal, S K Chattopadhyay and D Swarup	423

Effect of volume of thawing medium of post-thaw motility of ram spermatozoa	A K Mathur, Anil Joshi and P S Rawat	426
Effect of progesterone on superovulatory responses in crossbred cattle	S D Kharche, T K Dutta, Triveni Dutt, T K Mohanty, M R Ansari and V K Taneja	428
Two-sex culling model-An application to cattle growth	V K Goyal, S C Gupta, P D Puri and R C Sharma	430
Analysis of neonatal mortality in Hariana crossbreds using a new approach through cell probability logit model	S C Agarwal, J C Joshi and S N Kaushik	435
Evaluation of growth potential in Murrah buffaloes under free choice feeding system	R K Seth and S C Chopra	438
Inheritance of kid mortality in Jamunapari goats	R Roy, S K Singh and V K Saxena	442
Effect of hydrogen perodixe - ammonium hydroxide treatment on the *in-sacco* degradability of crop residues	M Wadhwa and G S Makkar	446
Factors affecting feed efficiency, feed intake and daily gain of Awassi lambs	D A Aziz, J E Alkass and K A Al-Nidawi	450
Sweet potato (*Ipomoea botatus* L.) as a component of swine ration	B P S Yadav, H K Gupta and J J Gupta	455
Effect of watering schedule on intake and digestibility of nutrients in camels	R C Jakhmola	460
Economic analysis of sheep rearing in Mathura district of Uttar Pradesh	P R Deoghare and N K Bhattacharyya	464
Maximum likelihood estimates of first lactation traits in Hariana cattle	R K Pundir	468
Chromosome complements of Pashmina (Cashmere) goats	S M Deb and J C Biswas	472
Factors affecting greasy fleece yield in Malpura and Avikalin sheep	A L Arora and Gurmej Singh	474
Factors affecting pre-weaning survivability of Avikalin lambs in an organized sheep farm	A L Arora and C P Swarnkar	476
Preservation of edible blood plasma by chemical methods	M Hazarika	478
Factors associated with the attitude of livestock owners towards artificial insemination in cattle	S S Dana and B R Kanbid	481
Social aspect of goat marketing in Chakranagar block of Etawah district of Uttar Pradesh	P R Deoghare and N K Bhattacharyya	483
Efficacy of a combined live attenuated canine distemper and inactivated rabies vaccine in dogs	G S Reddy, A P Kalanidhi and V A Srinivasan	489
Transfer and persistence of maternal antibodies against *Theileria annulata* in calves	C S Prasanth, M S Jagannath, M Rajasekhar and S Abdul Rahman	492

Antigenic characterization of different stocks of *Trypanosoma evansi* by counter-immunoelectrophoresis	Veer Singh	497
Rapid detection of circulating antigens and antibodies in experimental *Trypanosoma evansi* infection	Veer Singh	500
Experimental pulmonary aspergillosis in calves with application of bronchoscopic techniques	R V S Pawaiya, Kali Charan and A Sikdar	504
Vasculature of skin and associated structures in camel	S K Goswami, L D Dhingra and S K Nagpal	513
Restriction endonuclease pattern of end labelled restriction digested fragments of bovine herpesvirus-1 DNA	Praveen K Gupta and Anant Rai	516
Seroprevalence of bluetongue virus infection in sheep	K Saravanabava and R A Venkatesan	519
Influence of live viral vaccines on the growth performance of chicken	M Sobha Rani and A S Rao	522
Reverse passive haemagglutination test for the detection of canine coronaviral antigen	A M Shaw, R Govindarajan, G Dhinkar Raj, A Albert and A T Venugopalan	525
Efficacy of CDRI compound 81-470 on strongyloid nematodes in naturally infected goats	Rajesh Katoch, P P S Chauhan, Daya Shanker and Chandra Bhushan	527
Nature of migration of *Toxocara vitulorum* larvae in guineapigs	S Pramanik and G S Mukherjee	529
Erythrocytic dimensions of mithun (*Bos frontalis*)	Pushpendra Kumar, S C Gupta, N Gupta, R K Pundir, A E Nivsarkar, B K Joshi and R Sahai	531
Comparative biochemical profile of serum of mithun (*Bos gaurs frontalis*) and local cattle of Assam	S Sarmah and H Rahman	533
Haematological and biochemical changes in normal fertile and infertile Surti buffaloes	R G Jani, B R Prajapati and M R Dave	536
Pathology of fenvalerate toxicity in buffalo calves	J S Tapase, S N Sharma and S P Singh	540
Reproduction and production traits in indigenous cattle	A S Yadav, S S Rathi, D N Arora and Balbir Singh	542
Performance of dairy cows fed concentrate mixtures containing varying levels of *mahua* (*Madhuca indica* J.F. Gmel) seed-cake as unconventional feed source	P M Talpada, K S Murthy, R S Gupta, D C Patel, H B Desai and M C Desai	548
Effect of seasonal variations on some nutritional and physiological parameters of Egyptian sheep	S M Abdel-Baki, M Y Mekkaway, E M Hassona, M S Nowar, S M Bassuny and S A Ibraheem	556
Effect of water deprivation on nutrient utilization in Indian camels during winter	A K Rai, A K Nagpal and N D Khanna	565

Uptake and release pattern of ^{14}C in hens	S H Sadarangani, G R Doshi, B F Chhapgar and T M Krishnamoorthy	571
Level of contamination of milk with HCH and DDT in Haryana	Beena Kumari and T S Kathpal	576
Trend in milk production in Himachal Pradesh	S K Chauhan	583
Expected response through index selection in Avivastra sheep	B P Kushwaha and Gurmej Singh	589
Cytogenetic characteristics of Beetal goats	S Bhatia and V Shanker	592
Incubation characters of hybrid S × T × hens	Ali Kaygisiz	596
Growth, carcass traits and meat composition of broiler rabbits	V V Kulkarni, K Gupta, R Bhatt, and N K Manuja	599
Bioconversion of ammonia to biological protein by *Coprinus fimetarius* during solid substrate fermentation of ammoniated (urea) wheat straw	G P Singh, Kishan Singh and the Late B N Gupta	602
Cellulose degradation by rumen ciliates under *in vitro* conditions	U B Chaudhary and J L Ogra	606
Effect of variable feeding time on layer performance	R K Parshad and S K Basrai	609
Haematology of Japanese quail from day-old to maturity	A Kundu, S Majumdar and and J N Panda	611
Development of cell-culture modified living goat-pox vaccine	S K Agrawal, J K Pal and J P Soman	617
Rapid screening of foot-and-mouth disease virus antibody secreting hybridomas by immunodot	R Venkataramanan, B Pattnaik, J Mohanty, D V Rai and A K Mukhopadhyay	624
Association of *Staphylococcus aureus* in bovine dermatitis	R A Hazarika, P N Mahanta and P Borah	629
Topography and histomorphology of pineal gland in young goat	Pawan Kumar, Suraj Kumar and Yashwant Singh	633
Radiographic evaluation of experimentally induced nephrosis in goats	Rakesh Kumar, N N Pandey, G R Singh and H C Setia	636
Fertility of buffalo semen frozen in programmable freezer	M R Bhosrekar, J R Purohit, S B Gokhale and B R Mangurkar	640
Variations in erythrogram, osmotic fragility and plasma electrolyte concentration due to anaemia in goats	S K Rastogi, S Mitra, Naresh Kumar and R Kumar	644
Immunogenicity of inactivated goat-pox vaccine in Black Bengal goats	C Bhattacharya and N C Nag	648
ELISA for detection of hog-cholera virus antigen	D K Sharma and P C Sarma	650
Experimental toxoplasmosis in birds	A V Gaikwad and Y V Raote	652
Treatment of enterotoxaemia in sheep and goats	S K Kaushish, S C Dubey and D B Kalra	655
Animal pathogenicity of an isolate *Javanica*	B Suresh and S Ratnam	656
Trigeminal nerve of goats (*Capra hircus*)	Ishwar Singh	657
Histoarchitecture of buffalo muzzle during facial nerve neurotomy	K M Parag, K M Gadre and R K Shingatgeri	661

Seminal attributes and its interrelationships in Patanwadi rams	P T Kakadiya, B N Suthar and F S Kavani	662
Relationship between plasma alkaline phosphatase types with the enzyme activity levels in broiler chicken	Asha Mazumder and N K Mazumder	666
Livestock as a source of income in rural areas	Parmatma Singh and C B Tiwari	670
Compositional changes during the fermentation of buffered straws with *Pleurotus ostreatus* and *Sporotrichum thermophile*	Raman Rao	675
Economics of Angora rabbit farming in hills	R S Tripathi, Chandra Dev and M L Sharma	678
A simple method for differentiation of raw meat from various meat animals: Potential technique for detection of meat adulteration	T J Rasool, K B C Appa Rao, P P Bhat, A K Rawat and P N Bhat	684
Chromosomes of mithun (*Gaveaus frontalis*)	Nelam Gupta, N D Verma, S C Gupta, P Kumar and R Sahai	688
Estimation of genetic trends in Sahiwal	R J Tirpude, M D Kothekar, A K Gore and S N Deshmukh	691
Inheritance of immunoglobulin level in nondescript and Paralakhemundi buffaloes of Orissa	S K Dhal and B N Patro	694
Hairy-forehead type of yak	R N Pal, S K Barari, D Biswas, D Mondal and T K Mohanty	696
Nutritive value of Barhar (*Atrocarpus lakoocha* Roxb.) leaves for goats	N B Balaraman	698
Effect of lysine and methionine supplementation on biological value of cottonseed-meal in broiler	Zahid Iqbal Babar, M Zafar Alam, Shahid Rasool and Fayaz Ahmad	700
Evaluation of Jangli badam (*Sterculia foetida*)-cake and its oil along with toxico-pathologic effects in broilers	S Bera, L Mandal, A Bhattacharya and M K Bhowmik	704
Comparative growth characteristics and feed conversion efficiencies in Brown Swiss calves weaned at five, seven and nine weeks of age	Mete Yanar, Naci Tüzemen and Herbert W Ockerman	708
Fasting heat production in Pashmina goat	P Singh, Murari Lal, M Y Khan and J C Biswas	712
Physiological responses of unshorn and shorn native and crossbred sheep under heat exposure	S K Kaushish, S A Karim and P S Rawat	714
Physiological responses of broiler rabbits in hot semi-arid environment	S M K Naqvi, R Gulyani and Gurmej Singh	718
Propagation of egg-drop syndrome '76 virus in duck embryo Pekin duck cell-line	A M Shaw, Andrew Chandramohan and Albert	723
Killer cell and natural killer cell cytotoxicity in sheep-pox	A S Bachh, G C Ram and M P Bansal	727

Oestrus behaviour and conception rates in oestrus synchronized cattle and buffalo heifers	M R Bhosrekar, Y P Phadnis and B R Mangurkar	732
Total protein, cholesterol, minerals and transaminases in plasma during periparturient period in goats	H K Kaushik and N S Bugalia	736
Experimental cryptococcal mastitis in goats: Histochemical studies	M Singh, K S Roy, J S Rana, P P Gupta and N Sood	742
Immunogenic trials of *Mycoplasma mycoides* subspecies *capri* in mice	V P Singh and N C Srivastava	746
Morphological diversity of rumen bacteriophages in bovine	K Vijayarani, N R Gowri Prabha, Andrew Chandramohan, K Nachimuthu and V D Padmanaban	749
A new staining approach for evaluation of different types of bone grafts and ceramic implants in goats	S K Maiti, Kalicharan and G R Singh	751
Anatomy of the sternum of goat	Ishwar Singh	754
Histochemical study of mucopolysaccharide in the fundic and cardiac glands of the Indian buffalo	H C Kalita, K N Chandramouly and G Baishya	756
Sources of shared variability for Egyptian cattle body shape (conformation)	Karima A Shahin, A M Soliman and A E Moukhtar	759
Canonical correlation analysis for studying relationship among several traits - An example of calculation and interpretation	U C Jaiswal, J S Poonia and Jitendra Kumar	765
Phenotypic and genetic correlations between production traits in two White Leghorn strains and their reciprocal crosses	R Kumararaj, P Kothandaraman and V Ulaganathan	770
Effect of different levels of lime, moisture contents and reaction period on chemical composition and *in vitro* digestibility of paddy straw	S K Sirohi and S N Rai	775
Performance of Ongole and crossbred cows under village conditions of Andhra Pradesh	G Ravi Kiran, G N Rao, V Jayaramakrishna and A Satyanarayana	780
Production efficiency of dwarf hybrid layer under summer heat	Sonali Pandey, A G Khan and R P Nema	785
Performance of broiler chicken under different housing systems	Deepak Sharma and R P Shukla	790
Cost of goat meat production in Mathura district of Uttar Pradesh	P R Deoghare	793
Keeping quality of broiler chicken meat and its influence on cooking losses	M K Bhardwaj, R S Yadav and V P Singh	796
Chromosomal studies on exotic and local non-descriptive pigs	M S Palegar, M G Govindaiah, C S Nagaraja and M R Jayashankar	799
Genetic divergence on production traits among Hariana and its crosses	M L Sangwan and Balbir Singh	801

Characterization and conservation of Sonadi sheep	S C Mehta, P K Vij, B K Joshi and A E Nivsarkar	804
Nucleolar organizers in chromosomes of domestic sheep	S Bhatia and V Shanker	809
Estimates of genetic and phenotypic parameters of body weights and fleece weight in Avivastra sheep	B P Kushwaha, Anand Jain and Gurmej Singh	812
Factors affecting greasy fleece production of Bharat Merino and Rambouillet ewes	Gurmej Singh and A L Arora	814
Effects of inbreeding and incrossing on developmental traits in *Tribolium castaneum*	G K Gaur and M K Rao	817
Nutritional evaluation of sunflower-cake in sheep	Kuldip, M A Akbar, A B Mandal and P C Gupta	820
Comparison of three common roughages as sole feed to camel	R C Jakhmola and A K Roy	824
Effect of feeding muga silkworm pupae waste as a substitute for fish-meal in broiler ration	S Sengupta, K Choudhury, I K Bhattacharyya and S K Choudhary	827
Growth performance of weaner lambs and kids under intensive and semi-intensive feeding managements	A K Shinde, S A Karim, N P Singh and B C Patnayak	830
Replication of bluetongue virus in mononuclear cells of sheep	A K Garg and G Prasad	835
Therapeutic efficacy of freeze-dried bovine immunoglobulin against colibacillosis in calves	R K Chaluvaiah, G L Panduranga and K N Sastry	842
Indirect haemagglutinating and complement fixing immune responses in goats against various fractions of *Mycoplasma mycoides* subsp. *capri*	V P Singh and N C Srivastava	845
Histological and histochemical evaluation of bovine amnion and porcine skin as biological dressings in bovine wounds	H D Lingaraj, I V Mogha and Ram Kumar	849
Histomorphological study on the teat (mammary papilla) of Indian buffalo	S K Uppal, K B Singh, B K Bansal, D C Nauriyal and K S Roy	853
Diminazine : Bioavailability and disposition in bovine calves	K K Sardar, S C Parija and S N Misra	857
Postmilking teat dipping in prevention of intramammary infections under natural exposure to mastitis pathogens	B K Bansal, K B Singh, S K Uppal and D C Nauriyal	860
Histoenzymological distribution of oxidoreductases in buffalo bull epididymis	Bharpur Singh and K S Roy	864
Immunoelectrophoresis of fowl-pox virus strain	Alka Tomar and S K Garg	868
Keeping quality of some somatic *Salmonella* antigens	J C Verma and B R Gupta	870

Biotyping of *Staphylococcus aureus* isolates of bovine mastitis origin	W Manohar Paul and R A Venkatesan	872
Brucella melitensis abortions among organized sheep farms in north-west states of India	Mandeep Sharma, M K Batta, R K Asrani, R C Katoch, V B Joshi and K B Nagal	874
Sodium dodecyl sulphate-polyacrylamide gel typing system for characterization of *Staphylococcus aureus* strains of bovine mastitis origin	W Manohar Paul and R A Venkatesan	876
Comparative efficacy of different techniques in detection of *Trypanosoma evansi* infection in sheep	M R Saseendranath and J Ramkrishna	879
Trypanosomiasis in cattle and buffaloes with comparative efficiency of different diagnostic methods	S S Chaudhri, A K Sangwan, V Singh, S Kumar, R P Gupta and N Sangwan	881
Mucopolysaccharide histochemistry of the pyloric glands of the Indian buffalo	H C Kalita and R V Prasad	883
Macro-anatomical study on the sublingual floor of the oral cavity of yak (*Bos grunniens*)	M Sarma, M Bhattacharya, K Sarma and S N Kalita	885
Biochemical composition of cervical mucus and arborization patterns of oestrus synchronized cattle and buffaloes	M R Bhosrekar, Y P Phadnis, S P Mokashi and B R Mangurkar	887
Ovarian activity during breeding and non-breeding seasons in Indian camel	A K Rai, N Sharma and N D Khanna	889
Hypovitaminosis A in pigs	S S Saini, R S Khehra, Ramneek and D V Joshi	891
Performance characteristics of Nagori cattle	P K Vij, M S Tantia, A E Nivsarkar, R K Vijh, P Kumar and B K Joshi	893
Ranking of Surti buffalo sires on the basis of production efficiency traits	S P Tailor, A K Banerjee, P G Biswas and A K Pandey	900
Effect of feed deprivation in Anglo-Nubian, Baladi goats and their crossbred under subtropical conditions	A B Okab, M A Ayoub, K I Kamel, G A Hassan and M H Salem	903
Long-term selection for a quantitative trait in *Tribolium castaneum*. 1. Response to selection	G Gopikrishna, V K Taneja and R S Pandey	908
Mycotoxin detection in poultry feeds and raw materials employing different methods	S K Jand and P P Singh	918
Resources productivity and resource use efficiency of milk production in Bulandshahr district of Uttar Pradesh	Deepak Shah and Parmatma Singh	921
Survey on some phenotypic traits of Marwari goats under field condition	G C Gahlot, A Chahar, N K Bharat and K P Pant	930

Genetic and phenotypic studies on annual greasy fleece production of Rambouillet ewes in temperate subtropical climatic conditions of India	T A S Ganai and R S Pandey	932
Genetic studies on growth, feed conversion, body measurements and slaughter traits in sire line of broilers	Bharat Bhushan and R V Singh	935
Effect of urea-ammoniation on chemical composition of anjan (*Cenchrus ciliaris*) grass hay	Y Ramana Reddy, N Krishna and J Rama Prasad	939
Availability of true metabolizable energy from Saudi Arabian date cultivers to poultry	H Najib, Y M Al-Yousef and M Hmeidan	941
Comparative feeding value of sunflower and mustard-cake in sheep	Kuldip, M A Akbar, A B Mandal and P C Gupta	944
Effect of calcium on native proteinase activity in milk	V Mallikarjuna Rao and G S Bhat	947
Economics of health disorders in Holstein × Sahiwal crossbred	K L Jadhav, V N Tripathi and M M Kal	949
Antibiogram and phage typing of Staphylococcus aureus isolated from meat, fish and food handlers	S C Das and P N Khanna	953
Antigenic characterization of an Indian isolate of infectious bursal disease virus (IBDV-P/AD/81) with overseas monoclonal antibodies	S C Das, G C Ram, K C Verma and J M Kataria	957
Histomorphological studies on postnatal development of epithelium of epididymis in buffalo	Bharpur Singh and K S Roy	959
Clinical, mechanical and biochemical observations on wound healing in bovine : An experimental study on biological dressings	H D Lingaraj, I V Mogha and V K Rao	963
Clinical, haematological and biochemical effects of detomidine and ketamine anaesthesia in dogs	N S Jadon, Amresh Kumar, Harnam Singh and Harpal Singh	967
Effect of GnRH on reproductive activity of postpartum cow	Aminu Deen, S K Khar, M M Galhotra and N K Khurana	970
Suitability of animal test models for detection of chicken *Escherichia coli* enterotoxins	K C Mishra	975
Gross anatomy of tongue of camel	Pawan Kumar, S K Goswani and S K Nagpal	977
Macro-anatomy of planum nasolabiale of mithun (*Bos frontalis*) and yak (*Bos grunniens*) in comparison to cattle (*Bos indicus*)	M Sharma, K Sharma, M Bhattacharya and S N Kalita	980

Role of intervertebral foramen in xylazine induced epidural analgesia in experimental calves	Ravi Raidurg, B N Ranganath, S M Jayadevappa and C L Srinivas	983
Effect of various hours of equilibration and freezing on the revival rate of motile spermatozoa of buck semen with egg yolk citrate glycerol extender	K K Das and C K Rajkonwar	985
The effect of oestrus synchronization treatments on expression of heat symptoms in cows and buffaloes	M R Bhosrekar, B R Mangurkar and Y P Phadnis	987
Superovulation with folltropin, estrus synchronization/induction using intravulvo-submucosal administration of luprostiol and embryo transfer in crossbred cows	Triveni Dutt, S D Kharche, M R Ansari and V K Taneja	990
Thyroxine levels during prepuberal and pubertal periods in goats	Vijay Singh and N S Bugalia	993
Pregnancy toxaemia in sheep: Retrospective and prospective studies	S K Singh, C P Srivastav, P S Lonkar and M C Prasad	995
Involvment of thyroxine in the regulation of DDT toxicity in spotted munia (*Lonchura punctulata*)	A Kar, P Nayudu and P K Maiti	998
Effects of induced molybdenosis on copper and iron status in goats	A K Sharma, B Singh and N S Parihar	1001
Effect of climatic variables on average daily milk production in crossbred cattle	Triveni Dutt, V K Taneja and Avtar Singh	1004
Physical characteristics of mithun of north-east India	T Heli, S Saikia and N N Bora	1008
Effect of different levels of rumen degradable nitrogen (RDN) sulphur and phosphorus on *in vitro* organic matter digestibility of paddy straw	K S Ramachandra and K T Sampath	1015
Influence of urea, formic acid and common salt on preservation and *in situ* rumen degradability of maize fodder at dough stage	S S Thakur and D D Sharma	1018
Effect of cholesterol and fat supplemented diets on cholesterol contents of follicular fluid and egg yolk of quails of three age groups	Nirupama D Verma, J N Panda, K B Singh and R P Moudgal	1026
Factors contributing to milk yield and cost of goat milk production in Etawah district of Uttar Pradesh	P R Deoghare	1031
Running capacity of different genetic groups of bullocks	O S Parmar and C S Bahga	1035
Genetic analysis of first lactation milk yield in Surti buffaloes using test-day model	M M Appannayar, Satish Kumar and T Shashidhara	1041

Empirical comparison of improved regression estimators of heritability in crossbred cattle	Subhash Chander and U C Jaiswal	1044
Growth response of intensively fed lambs	A L Arora and S A Karim	1046
Mortality in exotics, desi and their halfbred pigs under farm conditions of rearing	R N Pandey, S K Singh, R L Singh, C B Dubey and D D Jha	1049
Microbial safety of ensiled rumen contents as animal feed	T A McCaskey, A M Das, L S Sandhu and A H Stephenson	1054
Comparative feeding value of sunflower and mustard-cake in sheep	Kuldip, M A Akbar, A B Mandal and P C Gupta	1058
Effect of nutrition on carcass characteristics of kids	M C Garg and M P Narang	1061
Observations on occurrence of poultry diseases associated with mycotoxins in feed	S K Jand, P P Singh and Amarjit Singh	1063
Ascites syndrome in broiler chicken : Observations on certain biochemical and pathological changes	N K Biswas, M R Dalapati and M K Bhowmik	1068
Estimation of asymptotic spermatocrit value of bovine semen	Debdatta Chakrabarti	1073
Blood metabolites and mineral status of sheep under silvipastoral system of grazing management	A K Shinde, B C Patnayak, S A Karim and J S Mann	1077
Effects of starvation on serum levels of calcium, phosphorus, uric acid and creatinine in newly hatched broiler chicks	O F Al-Rawashdeh, S Q Lafi, T A Abdul-Aziz, N Q Hailat and K I Ereifej	1081
Alterations in plasma levels of metabolic hormones and energy metabolites in working lactating Murrah buffaloes	S V Singh and R C Upadhyay	1086
Experimental hypovitaminosis A in rabbits	A K Sravanthi, N S Parihar, A K Sharma and V R B Sastry	1091
Epidemiological investigation of enterotoxaemia in cattle and control measures adopted	M D Kulkarni	1099
Potency of haemorrhagic septicaemia vaccine	G S Reddy and V A Srinivasan	1100
Spirochaetal diarrhoea in swine	B P Manjunatha, S K Vijayasarathi and R N Sreenivas Gowda	1102
Bacteriological studies on normal and pneumonic lungs of goats in Iran	M Jamshidi, M Jamshadian and R N Sharma	1105
Histology of the mammary gland cistern in pregnant sheep	S Sulochana and Yashwant Singh	1108
Experimental pathoanatomical evaluation of alterations of rinderpest in hill bulls	R K Singh, P N Bhat, P P Bhat, S K Bandyopadhyay and R Somvanshi	1110
Urinary excretion of gentamicin in normal and febrile goats	A H Ahmad, H S Bahga and L D Sharma	1114

Infectious arthritis in calves : Haematological and physico-cytological study of synovia	K Pratap, G R Singh and D Swarup	1116
Causes of infertility in cattle and buffaloes under field conditions	Bhupal Singh and K L Sahni	1119
Relationship between seminal attributes and peripheral testosterone level in desi bucks	L P Singh and L N Purbey	1122
Trends in bovine population in Himachal Pradesh	S K Chauhan	1125
Evaluation of a selection experiment for egg number and egg weight in White Leghorn chicken	G R Pattanayak and B N Patro	1131
Rumen degradable nitrogen supplement requirement for nutrient utilization from finger millet (*Eleucine coracana*) straw by crossbred cattle	C S Prasad, K T Sampath, M T Shivaramaiah, N Shivakumar and A Subba Rao	1139
Effect of salivary stimulation on rumen digestive functions in buffaloes using pilocarpine as a sialagogue	O P Nangia and Rita Sharma	1143
Forecasting of egg production and wholesale egg price in Coimbatore district of Tamil Nadu	V Mani, S R Subramanian and S Shanmugasundaram	1148
Body weight of Malabari goats and its crosses with Alpine and Saanen breeds at 6 and 12 months age	M Stephen and A V Rai	1154
Genetic divergence studies on Malabari goats and its crosses with Alpine and Saanen breeds	M Stephen and A V Rai	1156
Association between transferrin polymorphism and production traits in rabbits	K H Najeemudin, A R Krishnan and M John Edwin	1159
Evaluation of complete rations containing varying levels of palm kernel-cake as a replacement for groundnut-cake in sheep	P Vasantha Lakshmi and N Krishna	1161
Nutritive value of velvaylam (*Acacia leucophloea*) pods for goats	R Ravi and R Natanam	1165
Effect of feeding yeast (*Saccharomyces cerevisiae*) cell suspension on growth and nutrient utilization in rabbits	Rameshwar Singh, L C Chaudhary, D N Kamra and N N Pathak	1167
Comparison of serological tests for diagnosis of caprine brucellosis	S B Brabuddhe, V K Yadava and D K Singh	1173
Neutralization of enterotoxins of *Escherichia coli* by colennol (forsklin) in rabbit and guineapig ileal loop models	J N S Yadava, Shashi Gupta, Iqbal Ahmad, Neeraj Varma and J S Tandon	1177
Radiological evaluation of composite bone grafts and ceramic implants in goats	S K Maiti and G R Singh	1182
Angioarchitecture of the hind foot in camel	R K Jain, L D Dhingra and S K Nagpal	1189

Effect of GnRH alone or in combination with estrogen on the ovarian activity of postpartum anestrous cows	Poonam Chandra, B D Lakhchaura, S C Sud,U K Atheya and G K Garg	1193
Immune response of an egg drop syndrome-1976 (EDS-76) virus infection in chicken	P Swain, J M Kataria and K C Verma	1196
Enterotoxigenic studies of *Yersinia enterocolitica* in rabbits by ligated iliac loop method	M Satyanaryana Rao, K R Ramanatha, A S Upadhye and R Raghavan	1199
Haematological values in cattle infected with *Theileria annulata*	V Chengalva Rayulu and Md Hafeez	1202
Haematological studies in experimentally and naturally *Sarcoptes scabiei* infested goats	M A Ahmed, A Basu and M Z Ansari	1204
Cartilage in aortic ring of fowl	D K Rajpal, A M Shrivastava, M R Malik, J S Taluja and M L Parmar	1207
Histological and biochemical changes in mangy goats treated with ivermectin	M Mohapatra, S Parida, P C Bisoi, R K Das and D C Nayak	1210
Pathomorphological changes associated with gentamicin administration in goats	Rakesh Kumar, N N Pandey and O P Paliwal	1213
Experimental pathology of feedeing *Leucaena leucocephala*	M H Rahman	1216
Blood corticosteroid status of cattle and buffaloes at calving and the subsequent non-specific anorexia	G C Gupta, S P Pachauri and V S Rajora	1219
Effect of dilutors, glycerol and sugars on post-preservation motility (+5oC) of Friesian spermatozoa	Satish Kumar, L P Singh and Greesh Mohan	1221
Haematological profile in peri-parturient cattle and buffaloes	G C Gupta, S P Pachauri and V S Rajora	1225
Fertilizing ability of formaldehyde treated chicken spermatozoa	J Mohan and R P Moudgal	1228
Effect of season on peripheral testosterone level and sex libido in bucks	L P Singh, P C Sanwal and L N Purbey	1230
Effect of supplementation on serum metabolites during pregnancy	S K Kaushish, Satya Pal Sharma and Shiv Prasad	1233
Serum minerals in Red Kandhari cattle in relation to age and sex	S D Deshpande and M K Sawant	1236
Study of certain enzymes and biochemical constituents in liver of goats	Archana Jain, N K Dixit and R S Dhanotiya	1238
Evaluation of centring date, test-interval and sample-day production methods of computing lactation yield from AM and PM sample-day records	A K Likhi, A S Khanna and U S Jaiswal	1241
Effect of feeding management practices on performance of calf	Ghansham Singh, A L Saini and M S Tiwana	1247

Effect of dietary supplementation of sodium sulphite on ruminal fermentation in buffaloes	S L Garg and O P Nangia	1252
Effect of water restriction on nutrient utilization in pack camels under hot humid condition	A K Rai, A K Nagpal and N D Khanna	1256
Time series analysis of buffalo prices in Haryana	P K Mondal and U K Pandey	1263
Genetic implications of MOET versus progeny testing in crossbred cattle	R S Gandhi and Avtar Singh	1269
Chromosome study on a wild boar from Sunderban Tiger Reserve	A K Panda, A K Chatterjee, A K Sahoo, S Roy and S Samanta	1272
Genomic restriction fragment analysis of fowlpox-virus vaccine strain and field isolates using EcoRI, Sal I and Pst I restriction endonucleases	S S Mishra and B B Mallick	1275
Prenatal histomorphological changes of cervix in the Surti buffalo	G Baishya, K N Vyas and H C Kalita	1281
Effect of decapitation on the foetal skin in piglets	Nani G Ghoshal, Yosiya Niyo and Paul A Martin	1286
Gross anatomical observations on the kidney of mithun (*Bos frontalis*) and yak (*Bos grunniens*)	G Baishya, S N Kalita, M Bhattacharya and S R Talukder	1292
Histomorphological development of lung in perinatal goat	R Bhattacharyya and G Baishya	1296
Effects of naloxone, an antiopiate on the hypophysial gonadotrophins in the cycling goats	T Chandrasekhar and M L Madan	1301
Use of yeast extract for partial replacement of serum for growth of foot-and-mouth-disease virus in BHK-21 cells	S N Saha and A K Sen	1305
Antibody response in experimental *Eimeria tenella* infections in birds	P R Choudhari, M D Deore, M L Gatne, V S Deshpande and V S Narsapur	1309
A survey on equine sarcoids in Iraq	Khalil H Zenad	1311
In vitro study of tickicidal efficacy of flumethrin on ixodid tick, *Hyalomma anatolicum anatolicum* Koch, 1884	Fazlollah Shad-Del and Ali Moezi	1313
Fibroarchitecture of the pancreas in buffalo	Davinder Singh and A N Gupta	1315
Scientific legal identification of cattle	S J Kamble and R W Nistane	1317
Effect of three antihyperglycaemic plants on lipid and blood urea nitrogen profile of alloxanized rabbits	V V Rao, S K Dwivedi and S R Sharma	1323
Biological evaluation of residual malathion in the meat of dipped hens : Influence on carbohydrate metabolism	A K Pal and H S Kushwah	1326
Field performance recording of Holstein-Friesian crossbreds in Maharashtra	B R Mangurkar and S B Gokhale	1329

Genetic contribution of cows to future generation in Red Sindhi herd	S S Tomar, S S Lathwal and K Mukherjee	1334
Effect of within family selection on litter weight and body weight in rabbits	A D Narayan, S Rawat and M C Saxena	1337
Chemical analyses of some oilseed cakes	A M Bamgbose	1341
Associative effect of lime plus urea treatment of paddy straw on chemical composition and *in vitro* digestibility	S K Sirohi and S N Rai	1346
Effect of kinds of hay on population densities of rumen anaerobic fungi	J Sekine, M Shinoda, H E M Kamel and R Oura	1352
Aflatoxin-producing isolates of *Aspergillus flavus* from broiler chickens and poultry rations	Hassan M Hussein, Azhar M Jaber and E J Khamas	1356
Effect of injection of different concentration of calcium chloride on tenderization of goat meat	S K Mendiratta, V Lakshmanan, V Kesava Rao and P L Yadav	1361
Effect of genetic factor and physiological status on some biochemical profiles in the blood of dairy cattle under farm management system	A Haldar, B Bhattacharyya and R Duttagupta	1365
Nutritional evaluation of *shol* (*Aschenomene indica*) grass in Sahiwal cows	D P Tiwari, R K Jain, S K Maiti and H V S Chauhan	1368
Book review	120, 362, 486, 721, 1170,	1371
Referee index		1372
Content		1376
